

ANASS JID

SENIOR FRONTEND DEVELOPER

Morocco , AG | [LinkedIn](#) | Hello@anassjid.dev

SUMMARY

Creative and detail-oriented Senior Frontend Developer with 5+ years of experience building responsive, user-centric, and visually striking web interfaces. Specialized in modern JavaScript frameworks (React, Next.js), UI/UX design, and advanced animation techniques using tools like GSAP, Lenis, and Tailwind CSS. Skilled at transforming complex design concepts into elegant, high-performance websites, often utilizing AI-assisted workflows to accelerate delivery and elevate quality. Passionate about futuristic web experiences, interactive storytelling, and pushing the boundaries of frontend development.

TECHNICAL SKILLS

- Languages: HTML, CSS, JavaScript (ES6+)
- Frameworks: React.js, Next.js
- Styling & Animation: Tailwind CSS, GSAP, ScrollTrigger, Framer Motion
- Tools: Git, GitHub, Vercel, VS Code, Figma
- Other: Responsive Design, Clean UI Development, Smooth Scroll, Performance Basics
- AI Workflow: ChatGPT, GitHub Copilot (for boosting code quality and speed)

PROFESSIONAL EXPERIENCE

Senior Frontend Developer

Freelancer – Upwork

- 📍 Remote | Mar 2021 – May 2025
- Built responsive websites with React, Next.js, Tailwind CSS, and GSAP animations
- Used AI tools like ChatGPT and Copilot to speed up delivery and enhance code quality

Customer Service Specialist

OGAds – Affiliate Network

- 📍 Remote | Jan 2022 – Nov 2023
- Handled technical support for affiliate users with 95%+ satisfaction rate
- Gained experience in affiliate systems, tracking, and remote collaboration

CPA Marketer

AdBlueMedia

- 📍 Remote | Sep 2023 – Nov 2023
- Managed lead-gen campaigns and optimized offers using traffic tracking tools
- Achieved high conversions through A/B testing and offer selection

DEVELOPMENT PHILOSOPHY

- Design comes first: I build interfaces with aesthetics and usability in mind.
- Animation is experience: I use motion (GSAP, Framer Motion) to make interfaces feel alive.
- Code + AI = Velocity: I leverage AI tools to ship faster and solve complex UI problems.
- I believe small details make great products.

ADDITIONAL INFORMATION

- Spoken Languages: Arabic (native), English (native-level), French (basic – typing only).
- Certifications: FreeCodeCamp Front End Development Certificates (all modules).
- Personal Projects: Built several interactive and animated front-end projects showcasing advanced UI/UX, 3D visuals, smooth scroll, and custom animation systems.
